

Application No. 09/985,919  
Amendment Dated October 10, 2003  
Reply to Office Action of July 10, 2003

**Amendments to the Specification**

Please replace paragraph [0035] with the following amended paragraph:

b1 [0035] If the second and third sustain pulses have the ~~same~~ same voltage value, the second sustain pulse having a lower voltage value than the first sustain pulse is synchronized with the first sustain pulse supplied to the scan/sustain electrode and the common sustain electrode, and is supplied to the first trigger electrode. The third sustain pulse having a lower voltage value than the first sustain pulse is supplied to the second trigger electrode.
